How-to
Downloading + uploading Challenges

It is best practice to use your **SelfDesign Google Drive** to work on your Challenges, accessible through the SelfDesign Portal. Challenges contain links that direct you to documents within the SelfDesign domain. **IMPORTANT!** If you are *not logged in to your SelfDesign Google account you will not be able to access the links*.

Follow the 'W' method to download + upload Challenges
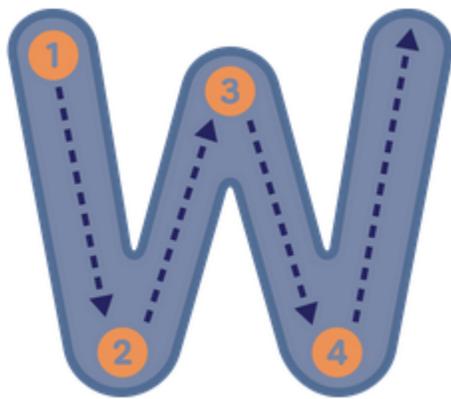

1. **Download the .docx file.**
2. **Go to your SelfDesign Google Drive and click the +New and select the file and upload the .docx file to your Drive.**
3. **Open it in your SelfDesign Google Drive and work on it. When ready to submit it, use File>Download to download it as a pdf.**
4. **Upload the pdf in this Brightspace assignment.**

Note: If you encounter difficulties with downloading/uploading, talk to your LC or attend a Drop-in Support Session, when available. (Dates and times found in your Calendar.)
